BOONVILLE POINTERS GLEANED FOR THE WEEK

Comings and Goings of the Peoplc of Anderson Valley. News that will Interest You From the Pen of A. B. C.

(Special to the Press)

Boonville, November 19—Chas. Wallach, A. N., V. R. and Max Rawles were San Francisco visitors last week. A. N. Rawles to visit his brother T. E. Rawles while Chas. Wallach, V. R. and Max Rawles took in the ball games.

The last reports from T. E. Rawles who underwent an operation in San Francisco recently state he is doing nicely but still in a very serious condition.

Rev. H. Neate, newly assigned pastor to the M. E. Church, South, took up the church work in his sermons Sunday.

The new shed for the accommodation of horses was finished last week by Duff and McGimsey is a nice addition to the school and today sees the beginning of a chemical room being constructed at the school. Prof. Geo. B. Albee and Miss E. P. Gray, teachers report a good attendance of interested pupils, of the Anderson valley Union High School.

E. Estill and E. A. Babcock were Ukiah visitors Friday. Mr. Babcock visited Santa Rosa returning via Cloverdale.

If you are a skunk or a rabbit you had better get wise for the safety to you of your hide. Mr. No. 2 victor and 22 Rim Fire are on your trail. Every man and boy has a path through the woods and sets Mr. Victor in a most likely place to be visited by skunk and adorns a suitable place with bits of rabbit coaxing him into the victor his fur to go to the markets P. D., and Dave Babcock found this the conditions near Red Bluff where they went last with their Victors to take fur bearing animals returning Monday stating that there is a trapper for every fur. Boonville vicinity has a host of trappers, also.

John and August Gossman, of Philo, passed through Boonville Saturday on their return from Ukiah where they had been paying taxes.

C. W. Finney was a Wendling visitor Sunday, making the trip on his '12 Indian. Mr. Finney reports one tumble only, a small one, and into the softest briar patch on the road. He states a briar patch seems more acceptable than a big stump Burger and Johnson told of in their motor rides.

An enjoyed surprise party was the order of the evening at the home of Miss Ruth Ingram Tuesday evening. The occasion being the birthday of Miss Ingram.

Mrs. R. M. Rees of Fresno, is visiting her mother, Mrs. Windom.

Thos. Ornbaun had business at the county capitol Monday.

A quiet home wedding was solemnized at the home of Mrs. Mary J. Estes Sunday, the principals being Edward DeYouny and Mary J. Estes, who are well identified with our valley's society. Rev. Brunk of the Christian church officiated.

Coyotes made a raid on the fine flock of turkeys belonging to Mrs. W. V. Ornbaun and killed 29, most of them being the largest in the flock at before they were to be shipped to the market. The sheep men have been losing heavily from crafty coyote and there are now no hounds in the neighborhood to catch them.

W. M. Lawson and family, after spending the summer at Manchester have returned to their home.

PREDICTS GRAPE LAND AT THOUSAND AN ACRE

S. Wurtengurg claims the distinction of being the oldest resident of Ukiah. He is 87 past and is still enjoying fairly good healh and he says is able to eat and sleep well. He came to Mendocino county in the early 50's and was one of the pioneer merchants. He says that his native country on the Rhine was noted for grapes and noticing the similarity of conditions never had a doubt but that Mnendocino couty would become famous as a producer of grapes. He says that in the old country when he left good grape land was held at $250 to $300 an acre and that it is now worth a thousand and up and he predicts a similar condition here. He says that he remembers when L. Finne came to Calpella and bought his palce and started to put out grapes and says that everyone ptiied the poor dutchman and was standing round waiting for him to starve to death. He says that the eminent success that Mr. Finne has made in the winery business is merely an example of what a man can do on the upland. In his opinion the grape land will some day be worth more than the bottom land. Mr. Wurtenburg's remarkable memory and his intimate acquaintance with the doings of early days make him a very interesting conversationalist.

THE HOFMAN'S ENTERTAIN

Mr. and Mrs. Louis Hofman entertained a few friends at a dinner party at their home Sunday afternoon. The occasion was the birthday of Mrs. C. Hofman. There were twelve guests and a very pleasant time was reported.

SHERIFF R. R. BYRNES CAPTURES A COUPLE

Single Handed He Takes Two Desperados in Trinity County and Marches Them to Covelo. Dead Eye Dick Outdone for Pure Nerve. Poisoning Case Being Investigated.

(Press Special Service)

Covelo, Nov. 17. Dr. G. K. Osborn was called last week to attend Len Terry and Felix Barney, who live some twenty-five miles north of Covelo in Trinity county, who were poisoned in some mysterious manner. It appears that some one had put strichnine either in the flour or baking powder. Mr. Terry says that he has every reason to believe who the guilty party is, and that within a short time will be able to have the parties in the clutches of the law. You are right Mr. Terry you should do everything in your power to bring the guilty party before the bar of justice.

Sheriff Byrnes of Ukiah arrestel Jack Wilson and A. F. Bayles on Long Ridge in Trinity county last Sunday upon a charge of burglary. Wilson and Bayles entered the house of A. Cline and stole all his winter provisions, two guns and bedding, steel traps and in fact most everything that was in the cabin, and took them over into Trinitycounty. Sheriff Byrnes being out in that section of the country heard of the robbery and went to the camp of the parties, but upon arriving at the camp he only found one of the men in camp. Byrnes after taking in the situation realized that he had a couple of tough characters to deal with, so representing himself as a man looking for a claim to locate, threw the man off his guard that was at camp. After spending some half hour or more talking to the man, he concluded that Byrnes was all right, and went out and whistled to give the signal to his partner who was hid in the brush some fifty yards away. The other man came to the cabin with his gun in hand. Sheriff Byrnes spoke to him and soon had both of them in his confidence and they invited the sheriff to have dinner with them, which he readily consented to. After eating their dinner one of the men walked out in front of the house taking his gun with him. In fact they took their guns with them at every move they made. When he got outside with one of the men Byrnes asked to look at his gun, at the same time admiring it and telling him it was the same kind of a gun that he had at home. After Byrnes got possession of the gun he called the other man outside to show him something, (and Byrnes did show him something). When he had them both outside and had possession of the gun he told them that he was the sheriff from Mendocino county and covered them both with the gun that he had a few minutes before ask to look at, and told them that they were under arrest upon a charge of burglary. Byrnes then started to Covelo with his prisoners and Monday morning brought them before Judge Robert Redwine, who after hearing the testimony of the sheriff, and the acknowledgment of the prisonersthat they were guilty, held them for trial in the Superior Court with bail fixed at two-thousand dollars for each defendant. Sheriff Byrnes started immediately for Ukiah with the defendants.

Wilson and Bayles came into Trinity county about six weeks ago pretending to be trapers, bu tin fact they were a couple of San Francisco toughs. When Byrnes went to their camp he found a young beef hanging up which they had killed, and which belonged to some of the stockmen in that vicinity.

Ira Ordway of Willits has been in town for a few days buying beef. Ira is a hustler and always gets a good bunch of cattle.

D. T. Johnson returned from San Francisco last Thursday where he has been attending to business.

The preliminary examination of Harry Hoffman for the shooting of W. W. La Brant has been set for hearing by Judge Robert Redwine for Friday November 21st and the preliminary examination of Henry Brush has been set for the same date. Brush has been arrested for non-support of his wife and two little children..

Dr. G. K. Osborn was called one day last week to see W. L. Gravier who lives near Poonkinney and who is reported to be very sick.

Mrs. W. A. Cooper of Poonkinney is reported to be very sick this week, but at last reports is somewhat improved.

W. F. Anger returned home last week from San Francisco where he has been attenditng business.

Gravier & Masters have rented the butcher shop of J. W .Kelley and will be found at that place in the future.

Harry Biggar and wife who have been visiting George M. Biggar and wife of this place have returned to their home at Bellingham, Oregon. Mr. Biggar is very much taken up with Round valley, and predicts a great future for the valley. X. X. X.

THE MENDOCINO APPLE ANNUAL IS A SUCCESS

Beautiful Exhibits of the Finest Apples in the World Attract Visitors to the Coast. Pronounced Equal to any Similar Fair Held in the State as to Quality of Exhibits.

The third apple annual is being held at Mendocino this week and a large number of visitors have viewed the exhibits at the coast town and report them epual to any of the apples displayed at any of the apple shows in the state. While the show was devoted mainly to apples there was also a creditable display of orchard and farm products. The fair is a decided success and is pronounced to be the best so far held.

The hall built by the association to house this fair was beautifully decorated in the colors of the association—red and green. Festoons of evergreens and huckleberries and red and green bunting presented a very attractive appearance and a very pretty back ground for the exhibits. The decorations were in charge of Mrs. Joshua Grindle and Mrs. Estelle Preston and the ladies performed their task in a way that would be a credit to the professionals.

John Chambers had charge of the amusements and the program of athletic sports was good. The three act comedy-farce "The Count of No Account was presented by the Mendocino dramatic club to a large audience, on Tuesday night. A musical program was given last night. The parade on Wednesday was in charge of William Wagner. Sheriff R. R. Byrnes acted as grand marshal. The societies, public schools and institutions of the town took part and there was a number of very handsome floats. Music during the carnival week is being furnished by the N. S. G. W. Band.

Altogether the fair is one that Mendocino and Mendocino county may well be proud of. Besides furnishing a very pleasant week to those in attendance it serves to advertise the wonderful possibilities of Mendocino county. Many strangers from over the state and United States were present this week and they will certainly be favorably impressed.

COAST RED SPUDS AT HOFMANS STORE

Lew Hofman of the C. Hofman Co. while on the coast recently made arrangements for the shipment of coast red potatoes and they arrived this week. They were shipped from the Stornetta ranch and are some of the finest spuds seen this year. The coast red is a peculiar species of potato found nowhere but on the coast of this county near Point Arena and was once quoted in the city markets at the highest price. The person who has eaten coast reds will have no other spud. A large portion of the shipment has already been sold.

WOODLEY DENIED REHEARING

The supreme court has denied the petition of J. R. Woodley for a rehearing. He was sentenced to five years in San Quentin and on appeal the appellate court sustained the decision.

NEWS FROM OUR EXCHANGES

Two officers of the U. S. engineer corps were here yesterday inspecting Mendocino bay as a harbor of refuge. They were Capt. A. E. Barber, of the engineer corps and Col. Reece, division chief of the corps, and arrived here early yesterday morning from Fort Bragg with H. F. Milliken and Thos. Bourns, and proceeded to Point Arena to look over that harbor, also stopping for a short while at Albion. On their return here they proceeded to the Point and viewed Mendocino bay. A number of prominent local citizens were on hand to welcome them. After inspecting the harbor about an hour they were taken on board the Brunswick, which called in for them on her way to the city from Fort Bragg. Local representatives explained to the two officers the points of advantage of Mendocino bay as a harbor of refuge, its area depth of water and the effect produced upon it by the various winds and tides. Before coming here the engineers also inspected the harbor at Noyo.—Mendocino Beacon.

Mrs. Joshua Grindle, after a visit of several weeks to San Francisco and the southern part of the State, returned home the latter part of last week. During her trip Mrs. Grindle represented the local chapter of Eastern Star at the meeting of the Grand Chapter of that organization at Santa Cruz last month. —Mendocino Beacon.

Wandering about from state to state for almost nine months, with a total loss of memory and without any knowledge of his name, family of residence, C. H. Mikelsen, a former resident of this vicinity, who made his home for some time on a government claim in the mountains west of Cloverdale, suddenly regained his memory on November 4th in Galveston, Texas.—Reveille.

Although the work is not yet completed, the new Mal Pass grade is open to the public. Rev. A. H. Clark was the first to pass over it Friday. Howard Bishop and his jolly crew are doing good work, and the traveling public will appreciate Supervisor Reynolds in having the former steep grade give way to a much easier one. The coast roads are slowly but surely improving.—Pt. Arena Record.

Isaac Olsen, well known in Point Arena, having lived for several years on the Garcia river, died in Norway on October 11 last. After the earthquake deceased returned to his native land and spent his last days there. Isaac Olsen was a good man, respected by all who made his acquaintance.—Pt. Arena Record.

Charles R. Perkins has been reappointed by the State Fish and Game Commission as game warden for this coast. All true sportsmen will rejoice at the appointment of this capable and efficient officer. During his previous service as game warden, Perkins saw to the rigid enforcement of the game laws and could always be depended on to be on the job.—Mendocino Beacon.

Alex Crockett of Calpella had business in town Tuesday.

HIGH SCHOOL NOTES OF THE PAST WEEK

The basketball season was opened last Friday by a couple of interclass games. The first was between the Sophmores and Freshmen and the Sophies won 16 to 5. At half time the score was 8 to 5 so that it was a pretty good game after all. The feature game of the evening was the Senior-Junior engagement. The Juniors jumped into the lead at the start when Meyers was injured and taken out of the game. This knocked the Seniors chances to the four winds. However the team crawled up so that the score stood 13 to 11 at half time. The second half was a warmer. The Seniors jumped into the lead at one time but the Juniors rallied and came out ahead, 17 to 16. The door receipts were $31.85. A large number stayed to the dance held afterwards.

The Willits game is off. Word was received by manager Prather to the effect that they could not get the hall and that means no game.

A game has been arranged with Healdsburg High School to take place soon. The Smilers Club of San Francisco also wish to get a game. The challenge has been taken into consideration as to whether it will pay or not.

Paul Mathews had the misfortune to fall onto a broken bottle last Friday and consequently he was laid up for several days. The cut was a bad one and about a dozen stitches had to be taken on his leg.

Louie Meyers, the star Senior player was taken out of the game Friday evening after breaking his collar bone. He played for about five minutes after the accident and accordingly it was in pretty bad shape. The fracture is comnig around nicely but he will be out of the game all the rest of this winter.

A letter was received by Mr. Lindsay this week from Herman Grondorff. He has entered the engineering college of California and reports that he likes it very much, and that the talk of how hard college is is all a bluff. His brother Frank has entered the same department.

H. H. Beers, a representative of the McMillan Company visited the school Monday and showed the teachers the last publication of that company.

The Lyceum will be postponed till Wednesday, the 26th, just before the holidays. The debaters are working hard and a good argument is expected from each side.

Report cards will be out next Wednesday as that is the last day of the school month.

"Hank" Davidson is having a great time in school with "neighbors."

ICE COMPANY WILL INCREASE PLANT

The Ukiah Brewing & Ice Co. has found that their business is so much beyond their expectations that they are compelled to immediately commence enlarging their plant. A large concrete building will be erected to house their new bottling and ice plants and modern machinery will be installed. The improvements will cost over $10,000.

The bottling plant will enable them to handle their beer trale in better shape. The ice plant will be of 30 tons capacity and will give them three times their present capacity. Having two ice plants will also insure that there will not be a breakdown. They will also increase their ice storage capacity to 100 tons. Next season they will be able to ship ice to neighboring towns.

Mr. Pape reports that the business of the company was three times as great last season as they expected.

KNEW IT WELL

Familiar Features Well Known to Hundreds of Ukiah Citizens

A familiar burden in many a home,
The burden of a "bad back."
A lame, a weak or an aching back
Often tells you of kidney ills.
Doan's Kidney Pills are for weak kidneys.

Here is good testimony to prove their merits:

Joseph Winder, 113 Hayden St., Healdsburg, Cal., says: "I suffered for a long time with my back and kidneys. I often got up in the morning feeling miserable and had such sharp pains across my loins that it hurt me to move. At night I lay awake unable to sleep on account of the distress in my back. My kidneys were disordered and annoyed me. I tried remedies and plasters, but did not get much relief. Reading of Doan's Kidney Pills, I procured a supply and began using them. They cured me and I am now well. I have never been bothered by my back or kidneys since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ELLIS LANDING IS A COMING HARBOR

C. E. Ganter has been apointed local agent for the Ellis Landing subdivision of Richmond and has recently visited the tract and thoroughly examined it. He says that he has been offered the agency for several other companies but after investigation concluded that this was the best value on the market for investors. The San Francisco papers have published a great deal regarding this tract and the following is taken from an article in the San Francisco Call of Nov. 10:

At the present time, docking facilities in San Francisco are utterly inadequate to handle the traffic. It is an everyday occurrence to find vessels lying at anchor in the harbor at heavy expense, anywhere from one half to three days, waiting for an opportunity to reach a wharf at which to discharge cargo.

The plans of the Ellis Landing and Dock company, upon which the initial work has already been started, when completed, will solve this vexatious delay for years to come.

A canal will be dredged 800 feet long, 120 feet wide and 20 feet deep, with a turning basin 186 feet in diameter, with two great wharves 58 feet wide on each side of the entire length of the canal, to accommodate railway tracks, spurs and ships.

The canal will commence at the north end of the great inner harbor at Richmond. The citizens of that city held an election and voted the expenditure of $1,170,000 for this harbor. The property to be improved forthwith is so situated at Richmond's water front, that it adjoins the inner harbor, so that all freight and passengers must pass through it, to and from the municipal wharves.

These enormous fixed charges, with the loss of time, will be saved by the rail and water facilities to be obtained at Ellis Landing subdivisions. This will enable the San Francisco shipper to enlarge his field of activity and secure a greater bulk of interior trade and compete at a larger profit with his rivals, at present more favorably situated on the mainland.

There is no doubt that as soon as the public realizes the vital important and of this, prices will soar.

SMALLPOX AND DIPHTHERIA

There is less dread of these diseases now than formerly, because everybody knows they can be prevented, one by vaccination, the other with antitoxin. You can keep from having colds, grippe, bronchitis, pneumonia, catarrh, typhoid fever, rheumatism, and other dangerous cold-weather ailments, if you put your system into a proper healthy condition to resist disease.

Rexall Olive Oil Emulsion helps the body produce substances which prevent the growth of disease germs in the blood, thus putting the system into a healthy condition to resist disease. OBITUARY NOTICE.

Calpella, Nov. 14—Mrs. Margaret Murray was born in Pictou county, Nova Scotia, Oct. 22, 1837, and died Nov. 10, 1913. She was the mother of five children: Alexander of Calpella, James and William of Covelo, Mrs. W. P. Lynch of Ukiah, and Margaret Swalley of Oakland. There are four grandchildren. She came to California and located at Point Arena in 1868. Her first husband, William Crockett, helped to haul the first briks for the Point Arena light house. They moved to Ukiah valley in 1871 and have resided here ever since. She was a kind and loving mother and was highly respected by all.

The Banks Trial Before the Supervisors

Continued from last week.

So many farmers have expressed gratification for the presentation of this case to the public and requested a full report since last week, that I deem it wise to put the matter a little more in detail than I had intended to do. This will require at least one more article on the subject.

The Complainant's Attorneys in stating our case cited the law as declaring that the Horticulturist might be removed from office for "Neglect of Duty" when in the opinion of the board he had neglected his duty. His duty was plainly laid down in the law and it was up to us then to show that he had been guilty of neglect. We therefore cited five specific cases and then a general charge of sectional neglect and prejudicial attention to portions of the county wherein the Commissioner was personally interested by way of fruit contracts.

C. A. Bernhard was called as a witness and testified under oath that he had been a resident of the county more than 10 years, was the owner of an orchard of more than 1000 trees and that to his knowledge and belief the Commissioner had never examined, inspected or reported to the owner in any way manner or form as to its condition. In Cross examination the fact was brought out that part of the time the place had been rented and the owner had not lived on it. The inference was to be made that the Commissioner could not examine this orchard without the owner's knowledge. If he did so examine, what good did it do and why should the county pay $6 to have it done unless the orchard was in perfect condition, which it was not?

Dr. G. E. Ap Lynne was called and testified that he was a resident, owned an orchard of nearly 3000 trees and that the Commissioner had not inspected it or given any directions as to its condition or care. He also testified that his old trees and vines were badly infested with disease and had been for years. Many of them were so bad that he had dug them out rather than to make any attempt to cure them. He also testified that he had examined many of the neighboring orchards, giving name, place and to what extent he had inspected. He pronounced them to be in very bad condition and many of the trees and vines dying out because of root and body disease. It was also brought out, partly through the direct and partly through the Cross examination that the Doctor could easily qualify as an expert. He showed that he had been all his life identified to a considerable extent with the fruit industry of the state and had served a creditable term as Commissioner in Maricopa County, Arizona. (Dr. Ap Lynne purchased this property about two years ago.)

Pomo Brothers were called and testified that they had extensive vineyards and quite a number of fruit trees. They declared that Mr. Commissioner had not examined their vines or trees and had not advised with them as to their condition or how to eradicate diseases among them. In Cross examination the fact was brought out that there had been a serious disagreement between the Pomos and Mr. Banks over the sale of pears. This was beside the question at issue but the inference was made that because of this disagreement the Pomos were testifying to get even. However, this affair had nothing at all to do with the question as to whether the orchards and vineyards were diseased or had been inspected.

Carl Martel was caled and testified that the Commissioner had not visited or inspected his orchard and that his apples were wormy and trees not healthy. He had not done much about it and had not been notified to do so. Later an effect was made to discredit Mr. Martel's testimony when Mr. Banks took the stand. This we will discuss when we give Mr. Banks' testimony, which we will later present vertabim.

Mr. J. H. Howard was called and testified that the orchard on their place was in bad condition, the fruit being very wormy and the trees effected at the roots. He declared that to his knowledge no examination had been made and that they had not been directed or advised with in regard to the production of better fruit.

In most of the cross examination of these witnesses stress was laid upon the fact that a spraying notice was published in the local papers and that the witnesses should have seen it and heeded its advise. Does it not strike the reader as strange that the County should employ a Commissioner at $6 per day if a notice in the local papers is sufficient. The clerk of the Supervisors could have that published.

At this point the Plaintiffs rested their case and the Defense began putting in evidence. We fully expected they would present some testimony to refute what we had put in. This however did not seem to be their intent. Instead they began calling farmers whom we had not mentioned or indicated in any way. These men testified that the Commissioner had examined and inspected their places and the inference was drawn that he was therefore doing his duty. We had not contended that he had NOT DONE ANYTHING. We were simply astonished that the Board of Supervisors would give any consideration to this testimony as it had absolutely nothing to do with our case. Suppose our Treasurer should abscond with this years county funds and a lawyer should try to clear him by presenting evidence that he had correctly reported and accounted for last years funds. Suppose the District Attorney should refuse to prosecute the next five murder cases. We think the recall would be invoked to remove him. Would it be any argument to present witnesses to prove that he was not guilty of neglect because he had properly prosecuted all the previous cases brought to his attention. We think not. We also think the long line of witnesses presented to show that Commissioner Banks had inspected their orchards had no bearing whatever on the fact that he had neglected various and numerous others.

Next week we will present the reporters vertabim report of a part of the evidence offered by the defense. It is exceedingly interesing and has far more bearing on the contentions of the Plaintiffs than on the Defense, although presented by the Defense.

The bills of the Commissioner are pretty good evidence as to what he has been doing and as they have all been passed by the Supervisors they should be accepted as correct. From these bills we will show that Mendocino County is paying about 5 times as much to have the Ukiah valley cared for as for all of the rest of the county put together. These bills show that some places have been inspected over and over again in one year while others have not been visited at all. Neighbors, they are exceedingly interesting reading if you are interested in where your taxes go. Later we will give you a sample.

C. A. Bernhard, Citizen.

L. D. HARGIS VISITS UKIAH

Attorney L. D. Hargis visited in Ukiah a few hours Saturday. His sister, Mrs. J. E. Morton accompanied him to San Francisco where they were joined by her husband and all left for New York. The Mortons will return the middle of December and sail for the islands. L. D. will continue his trip to Europe and Africa and will visit in Buenos Ayres. On his return he will locate in San Francisco.

A Marvelous Escape.

"My little boy had a marvelous escape," writes P. F. Bastiaans of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." FOURTH CLASS POSTMASTER EXAMINATION,— Saturday, December 13, 1913. The United States Civil Service Commission announces that on the date named above an examination will be held at Wendling, Cal., as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth class postmaster of class at Wendling, and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill the vacancy by reinstatement. The compensation of the postmaster at this office was $1,000 for the last fiscal year. Age limit, 21 years and over on the date of the examination, with the exception that in a State where women are declared by statute to be of full age for all purposes at 18 years, women 18 years of age on the date of the examination will be within the territory supplied by the post office for which the examination is announced. The examination is open to all citizens of the United States who can comply with the requirements. Application forms and full information concerning the requirements of the examination can be secured from the postmaster at Wendling, or from the U. S. Civil Service Commission, Washington, D. C. Applications should be properly executed and filed with the Commission at Washington at least 7 days before the date of the examination, otherwise it may be impracticable to examine the applicants. If You are Subject to Colds This Editorial will Interest You.

A Great Majority of People Get One or More Colds Every Season and It is of Vital Interest to All to Learn How to Avoid and Relieve Colds Quickly, Since Colds are Said to be Contagious.

Some people think colds are only caught through exposure. This in return is contradicted by the fact that Arctic explorers are peculiarly free from colds. It is more generally accepted that colds are the result of civilized life, due to super-heated rooms and a very rapid change in temperature which causes the nerve centers to be depressed, and still more largely due to contagion—one member of a family imparting a cold to another by sneezing or coughing.

A cold means nothing if relieved quickly. That such a purpose may be accomplished, a quick aid to a cold is an essential. A remedy especially devised to relieve colds quickly is PERUNA.

PERUNA contains such ingredients that have an especially beneficial influence upon the inflamed mucous membranes and the quicker these mucous membranes are given the benefit of a remedy like PERUNA, the quicker the relief and the less contagion.

A neglected cold may become a serious menace to one's own life, and far worse, may endanger one's family.

We insure our homes against fire, our lives against death. Why should we not insure ourselves against colds if possible by having a medicine in the family chest that can be used at once?

PERUNA is a reliable household remedy for colds and should be in every home, for there should be a desire to combat a cold as quickly as possible. This is enlightened hygiene.

People who are feeble and run down are more subject to colds than persons in normal health. Such persons need outdoor life and PERUNA to help build up a strong constitution. If you have a poor appetite that is often a warning that you probably need a tonic like Peruna for Peruna aids the digestive organs. When your appetite is fair and work and exercise do not quickly tire you, your susceptibility to colds diminishes very much.

Persons who object to liquid medicines can now obtain PERUNA TABLETS.

SAM SCONTROS IS HOST TO FRIENDS

(Press Special Service)

Coyote Valley, Nov. 19—The first conspicuous social event of the season in Coyote valley was given by Sam Scontros, in the form of a dance, on the evening of the 15th inst. Mr. Scontros is secretary and manager of the Standard Farm and Stock Company, the most extensive enterprise now carried on in this valley, and the dance was given at his residence on the farm. It was attended by nearly all the young people of the valley and a few from further away. The larger part of the time was taken up in dancing, but occasionally the dancers reverted to some of the old games our grandfathers and grandmothers indulged in when young, and there is surely no less enjoyment in them now than in the long ago. Just before the approach of midnight, Mr. Scontros bade all to enter the dining room, where a most delicious luncheon had been prepared, in which figured roast turkey and a great variety of cakes and confectionery. The edibles were prepared by the skillful hands of Mrs. Hannah Nolan, the company's housekeeper, who received much praise for her success. The lunch was greatly enjoyed by all, after which dancing was resumed, interspersed with jolly plays, till the night was almost gone. Upon leaving for their homes it was unanimously agreed that no dance could be more enjoyable, largely due to Mr. Scontros' whole-herated hospitality and his persistent efforts to be sure that all enjoyed themselves.

Those who participated in all these enjoyments were:

Mr. and Mrs. James, Miss Vinnie E. Field, Mrs. Chas. Gibson, Misses Myrtle and Irene Seward, Mamieand Lily Chandon, Lily and Mamie Heckendorf, Marjorie Johnson, Margaret Hallowell, Hazel Whiting, Bessie Pickle, Edith Salisbury, and Messrs. C. J. Chandon, E. R. Taylor, S. A. Johnson, Albert M. and Louis J. Hardie, Charles and George Heckendorf, Robert and Sam Pickle, Andre and John Garzini, Frank Koeher, Sidney Whiting, Tony F. FRANK CLARKE VISITS HOME

Prof. Frank Clarke of the University of California was in town Tuesday for a short visit. He was on his way to Cahto to spend a few days with his parents at the ranch. Prof. Clarke recently returned from Tulare where he had been to investigate the mysterious epidemic which kills thousands of wild ducks on the lakes in the southern part of the state every year. So far he has been unable to determine the exact cause. Ducks taken from the university farm and given the water died. Boiling the water did not have any effect. The epidemic died out with the cooler weather and some of the water that he took to the university farm for experimental purposes has been given ducks without serious results.

GOOD NEWS FOR THE GIRL WITH UGLY HAIR

Don't mourn over it! Don't envy others because they have beautiful hair. Begin right now to give proper, intelligent care and attention to your hair—and then let others envy you. Use Harmony Hair Beautifier, a delightful liquid hair dressing that is just what it is named—a hair beautifier.

To make the hair glossy, soft and silky—to make it easier to put up in smooth, wavy folds, and "stay put"—to restore to your hair the well-groomed appearance you want it to have—to overcome the unpleasant oily odor of the hair and leave instead a delightfully dainty, fresh rose fragrance—Harmony Hair Beautifier will please you, or your money back. Very easy to apply—simply sprinkle a little on your hair each time before brushing it. Contains no oil; will not change the color of the hair, nor darken gray hair.

To keep hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives a rich lather that immediately penetrates to every part of the hair and scalp, insuring a quick, thorough cleansing. Washed off as quickly, the entire operation takes only a few moments. Can't harm the hair; leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations come in odd shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, $1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made. Mathews' Pharmacy, Ukiah, Cal.

The value of

Maltheid

is recognized by everyone

—It's the greatest roofing material on the market.

—Otherwise we wouldn't carry it.

—We know that our customers demand the best and we demand the best for them.

—That "best" is Malthoid—the roofing that is water- and weather-proof more than merely in name.

—Let us talk to you about it.
